News for my "Peeps"

Week of September 26th

Social Studies

Students will begin the Industrial Revolution.

Science

We will complete our mission at the Challenger Learning Center. Then we will begin our next unit of study, matter.

Language

This week students will learning about informational writing, specifically procedural texts. In grammar, students will review sentences types. The word study for this week is nouns.

Reading

We will finish Theme 3: How Does Cooking Work? In this theme, students will ask questions to help them monitor their understanding. Students will also review making inferences.

Math

We will continue chapter 2: Whole Number Multiplication and Division. Students will learn division strategies this week. Students will divide by tens, hundreds and thousands, and they will practice dividing by two-digit numbers.
